Academic Achievements

- Secured **Rank 3** in **Green Olympiad** in the School level conducted by Science Olympiad Foundation in 2016.

Projects

- Parallax Effect:** Dec 2023
As part of a personal web development initiative, I conceptualized, designed, and implemented a visually engaging parallax website. Leveraging the parallax effect, I transformed static background images into dynamic visual elements that respond to user scroll actions, creating an immersive and interactive user experience.
- Weather App:** Dec 2023
This project showcases my proficiency in front-end web development and my ability to integrate real-time data into a seamless user interface. The application leverages a weather API to provide accurate and up-to-date weather information for users worldwide.
